Not Provided by Sabio

Windows

12 GB RAM with Camera

Phase II

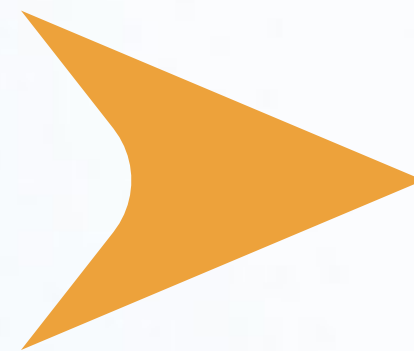

Project-based Learning

Full Stack Training

Apprenticeship

- Work on a startup project with actual entrepreneurs
- Startup environment

Company

- Usually a Startup/Entrepreneur
- Not Coca-Cola

Technical Training

Soft Skills

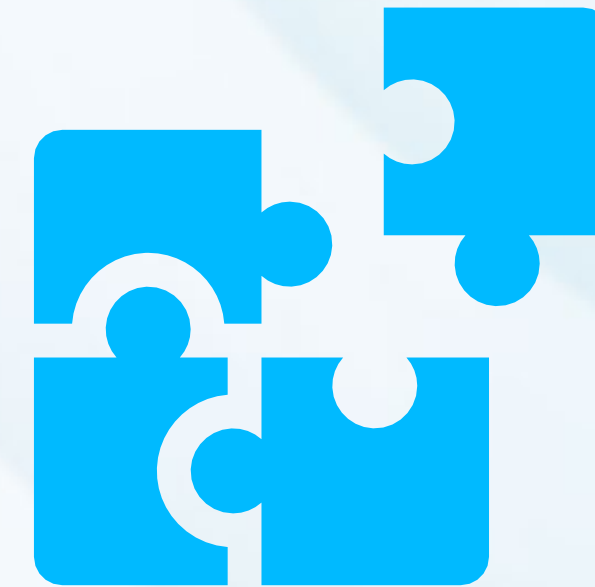

**Team-based
Project**

Large code base

**Agile/Scrum
Methodologies**

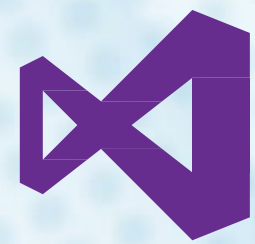

**Product Development
Life Cycle**

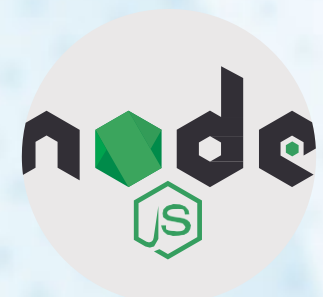

The Immersive Goal

Our training provides our students with the skills required to interview, obtain and excel in a variety of stacks including those below that we do not teach.

.NET

NodeJS

PHP

Java

Ruby

Python

Career Support

Our Career Services team is 100% committed to helping our students land jobs in tech.

Nancy, our Career Counselor, books and manages Data Structure and Algo Workshops, and helps do warm introductions to employers.

Jennifer helps guide our students towards their goals, using her extensive experience as a Tech Recruiter.
